SKILLS

- Web Design
- Front End Development
- Server-Side Development
- Problem-Solving
- Computer Literacy
- Strong Communication

TOOLS & TECHNOLOGIES

FRONT-END
- HTML
- Tailwind CSS
- TypeScript
- React JS
- Next JS

BACK-END
- Node.js
- Express.js
- Redis
- Mongo DB

OTHERS
- git
- Docker
- Postman
- Figma

AI SKILLS
- RAG (Retrieval-Augmented Generation)

PROFESSIONAL EXPERIENCE

CodeXintern　(remote)
Front-end developer Intern
Oct 2024 - Nov 2024

Built responsive, user-friendly front-end interfaces using React JS ,Tailwind CSS, TypeScript, and Next JS for serverside-rendering , ensuring seamless navigation and an engaging user experience across devices.

Ingage technologies Pvt Ltd　(on-site)
Developer Intern
Jul 2024 - Oct 2024

Designed and implemented system architecture solutions, analyzed data trends for insights, and developed web applications. Utilized Blender for 3D modeling, enhancing project's user experience.

Accenture Nordics - Virtual internship　(remote)
Intern
Feb 2024 - Mar 2024

Gained Knowledge about technical requirements, designed architecture changes, and scaled on-premise infrastructure to the cloud. Conducted security assessments, SDLC processes, and data privacy standards.

PROJECTS

EMPLOYEE-MANAGEMENT-APP - (Next.js , Typrscript , TailwindCSS , Express.js , MongoDB , git)

- A platform to manage employee records and details for companies
- Leverages Next.js for enhanced SSR, delivering sub-second initial page loads
- Built with TypeScript, 100% type safety, minimizing runtime errors, and improved code maintainability.
- Implements optimized caching strategies, improving data retrieval speeds by 50-70%, ensuring smooth performance even under high load.

IMDB-CLONE - (React.js , TailwindCSS)

- A responsive movie discovery platform using React.js and Tailwind CSS.
- Integrated Watchmode API for fetching movies data, with features like watchlist, sorting by release date and platform, and pagination.
- Enhanced user interactions for a seamless and engaging experience.

AI IMAGE GENERATOR - (React.js , Typrscript , Hugging Face ,Tailwindcss)

- A site that turn prompts into stunning AI generated visuals
- Leveraged open-source tools to keep costs low and performance

EDUCATION & CERTIFICATIONS

Bachelor of Science　　CGPA - 7.2

Periyar Arts College,
Annamalai University

CERTIFICATIONS

Full Stack development using MERN tech stack from GUVI

Node.JS backend development certification form SCALER

Certified as a Postman API Fundamentals Student Expert
